Notes  
 1. Environment Agency Areas Susceptible to  
 Groundwater Flooding (ASTGWF) data. The  
 Environment Agency states that it shows 'the proportion  
 of each 1km grid square where geological and  
 hydrogeological conditions show that groundwater  
 flooding occurring...it does not show the likelihood of groundwater  
 flooding occurring'.  
 2. The Environment Agency Geostore site states that:  
 "The data should not be interpreted as identifying areas  
 where groundwater is actually likely to flow or pond, thus  
 causing flooding, but may be of use to LLFAs in  
 identifying, for example, where further studies may be  
 useful".  
 3. It should be noted that flood risk from other sources is  
 not shown.

**Legend**

- Oxfordshire County Administrative Boundary
- LPA Administrative Boundaries
- Inset Maps

**Areas Susceptible to Groundwater Flooding**

- Not susceptible
- <= 25%
- >= 25% < 50%
- >= 50% < 75%
- >= 75%
