Subject: Oxfordshire Minerals and Waste Core Strategy - main modifications

Dear Sir/Madam,

Thank you for the opportunity to comment on the proposed modifications to the Oxfordshire Minerals and Waste Core Strategy. The following comments are submitted on behalf of Anglian Water (respondent No 15).

I would be grateful if you could confirm that you have received this response.

Schedule of Proposed Main Modifications (February 2017)

Please find enclosed a completed comments form with Anglian Water's representations to the above document.

Suggested Proposed Modifications

AM108 (Appendix 2)

Anglian Water previously raised concerns that Appendix 2 did not include reference to the safeguarding of sewage treatment works (known as water recycling centres) in the ownership of Anglian Water.

Following submission of the Core Strategy we have had discussions with the County Council relating to our representations relating and have agreed wording to be included in Appendix 2 as set out in the Statement of Common Ground (examination document M7/5).

The proposed modification to Appendix 2 as proposed addresses our previous concern relating to the supporting text of Policy W11.

Should you have any queries relating to this response please let me know

Regards,

Stewart Patience

Anglian Water previously raised concerns that 5.103 states a consultation zone of 250m for all waste management facilities including sewage treatment works and considered that it should be 400m.

Following submission of the Core Strategy we have had discussions with the County Council relating to our representations and have agreed that additional wording should be included in para 5.103 as set out in the Statement of Common Ground (examination document M7/5).

The proposed modification to para 5.103 as proposed addresses our previous concern relating to the supporting text of Policy W11
