Subject: Gravel extraction and Bampton

Hello Peter,

I've heard that OCC is being lobbied by a gravel extraction group to include Bampton and Clanfield in gravel extraction. Apart from making a hell of a mess of some stunning countryside, the road network through Bampton (very narrow, lots of parked cars and pedestrians) wouldn't support a number of HGVs carrying gravel through the villages. Not only that, but with 300+ new houses in the village, the last thing we need is more traffic.

With all best wishes,

Mark
