## Countryside Access Map

Due to the Covid-19 pandemic and restrictions on movement, Oxfordshire County Council's Countryside Access Team are giving priority to matters on the public rights of way network which present a safety hazard for the public. Our in-house delivery team and contractors will continue to carry out work on the network that is deemed necessary to keep the paths open and safe to use. Issues of a lower priority can still be reported but are unlikely to be progressed in the usual timescale. Your patience in these difficult times is appreciated.

You can use this map to view the public rights of way (including path furniture) within Oxfordshire, along with access land and walks and rides (promoted routes).

To report a problem you will need to log in, and for the first time you will need to register. You can view an electronic copy of the definitive map (<http://www.oxfordshire.gov.uk/definitivemap>), which is a legal record of public rights of way.

To find a location use the Search options to look for paths, settlements or parishes. If your device has a GPS you can centre the map on your current position by pressing the 'Current Location' button.
