

The Prevent Duty

Radicalisation can be really difficult to spot.

Some signs that may indicate a child is being radicalised include:

- 
- Isolating themselves from friends, especially those who are different to them
 - Unwillingness to share their thoughts and feelings, or giving very scripted answers to questions
 - Irregular or poor attendance
 - A sudden disrespectful attitude towards others
 - Increased levels of anger or frequently upset
 - Sharing extreme views in play or when talking with others

While lots of these happen in normal child behaviour it's important to act if you have a concern.
If you are worried talk to your **Designated Safeguarding Lead**.
