

The Oxfordshire County Council Values and Behaviours 2021

And the values are...

We innovate, we look to do things differently and improve the way we do things every day; we're not satisfied with the status quo and work creatively to solve problems

We hold ourselves accountable, take responsibility for what and how we deliver; we give and seek to be empowered to make a difference; we actively contribute to delivering the best for all

We create an environment that enables people to grow and develop; we seek feedback, we act on it; we always look to be even better; learning from our mistakes

We value our staff; we respect and treat everyone with understanding and compassion; we care not just for our customers but each other. We take care of our own and others well being

We embrace equality, diversity and inclusion; valuing the difference in others. We always act with integrity, working in honest, ethical and supportive ways, building effective relationships; we trust each other to do what we promise
